Quick Start Guide

WELCOME TO EBRARY®!
BELOW ARE A FEW STEPS TO HELP YOU GET STARTED.

1. **Conduct a search** using simple or advanced, by keyword, full-text, publisher, author, and more. View results ranked by book or chapter.

2. **Open a book** by clicking on the title name or jacket. No downloads or installations are required.

3. **Explore the document** by navigating to search terms, searching for key words, jumping to relevant chapters, and flipping through pages.
4. **Highlight, take notes, and transform text into hyperlinks** to other online resources. Highlight with or without notes attached in multiple colors. Create a personal bookshelf (if needed) to save and organize your research.

5. **Use InfoTools** to link to other online resources. Simply select words of interest in a document.

6. **Copy and paste text, and print pages and chapters**, with automatic citations that include URLs back to the source.

7. **Manage and share your research** by dragging books, highlights and notes into bookshelf folders, which can be emailed to peers.

8. **If your institution offers ebrary's Plug-in or Unity Reader**, which offer added functionality, launch it by **clicking on the ebrary Reader button**.
